Mr. Mark Batchelor has submitted an application for site plan review for the construction of an addition to an existing office building located at 1151 Bowes Road. The subject property has an area of approximately 12,208 square feet and is located at 1151 Bowes Road. They are seeking to construct a 16'x40' addition to the west elevation of an existing office building on the subject property, which is zoned C3, General Business zoning district.

After discussion and review, the Commission felt the standards had been met with one exception of a sidewalk connection to the front entrance of the building.
